

YOU NOTICE THAT WE SAY THIS STORE IS THE RIGHT STORE FOR MEN

What is a Right Store for Men?

"Right" doesn't mean a store that makes price its chief claim to your attention. As a rule men do not care to spend too much money for clothes; and yet clothes are very important to them.

And There's the Whole Thing

Any man who doesn't want to spend much money, and to whom clothes are important, must consider something besides price—and that's why we sell and make a specialty of selling

T. P. W. Quality Clothes

for men and young men. There's not a man or young man in Umatilla County who amounts to anything, or who ever will amount to anything, who doesn't know, as a business proposition, that the important point in buying anything is what you get, not what you pay.

It's all a question of value; and value in clothes means style, quality of materials, tailoring, fit; the things that give service and satisfaction in clothes.

You can find plenty of lower priced clothes than T. P. W. QUALITY CLOTHES, but you'll never see any that are better value per dollar. Ours is the largest up-to-date stock in Pendleton. You never saw their equal for style and finish and they are the best for the price, no matter what the price.

Overcoat Economy

There isn't any harm in being economical. In fact, we like the economical spirit; it shows a long head.

However, purchasing common-looking clothes and paying a low price is not practicing economy.

The man who really practices economy is the one who purchases a T. P. W. QUALITY OVERCOAT, for in them lies the truest satisfaction, and the price will be most reasonable—

UMATILLA INDIAN AGENCY SCHOOL IS BEST IN WEST

The Umatilla Indian agency school is without a peer in the west, according to Otis B. Goodall, supervisor of reservations in the three northwest states who is now making his second inspection of the year on the local reservation.

Supervisor Goodall states that he has visited the Indian schools on all of the reservations from Texas north and west and has seen none to compare with that at the Umatilla agency. "The buildings are kept cleaner, the kitchens more sanitary and there are better safeguards against fire, disease and other dangers, and best of all, the children look much more healthy than on other reservations."

He paid a high compliment to Major E. L. Swartzlander, agent, and to those in charge of the schools.

The agency school is now crowded almost to capacity as the agent makes it practically compulsory for all Indian children to attend school.

Despondency.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.—Adv.

How Catarrh is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little foresight, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.—Adv.
